

Virginia Osteopathic Medical Association's
2020 Fall CME Virtual Conference

October 10-11, 2020

The VOMA 2020 Fall CME Conference is going Virtual!

Please plan to join us from the comforts of your home or office for a virtual (almost like live) experience. We hope you will “tune in” to sessions as they go live for the best experience with this program, but your registration gives you the option to view the lectures at your convenience for 30 days after the conference.

Virginia Osteopathic Medical Association's

2020 Fall CME Virtual Conference

October 10-11, 2020

We're going Virtual!

In light of on-going developments with COVID-19, VOMA has decided to move our 2020 Fall CME Conference to a fully online, virtual experience that will take place on **Saturday, October 10 – Sunday, October 11, 2020**. We believe this is the safest approach for the well-being of our attendees, their families and the patients that they serve. We are excited that a virtual event makes it possible to broaden the learning opportunities and engagement with the osteopathic profession at this time. Networking is a cornerstone of our conferences and attendees will be able to partake in interactive and engaging experiences through a new dynamic virtual conference platform. The virtual system we will use also has interactive exhibits features and includes opportunities for sponsorship exposure, all while attendees connect from the comfort and safety of their home or office.

Course Description

The VOMA Fall CME Conference is designed to update primary care physicians on current information regarding important medical topics and rapidly changing therapeutic areas. The emphasis of this program is on practical and useful information for a clinical practice.

Course Learning Objectives

Discuss the clinical presentation of common disorders seen in primary care

Utilize current advances in the diagnosis and treatment of these common problems

Identify highly relevant medical findings that may change how a primary care physician currently practices

Interact and question speakers on a variety of common clinical scenarios from medical practice

Conference Information

The program schedule is subject to change. A complete program book will be provided to attendees at the conference.

CME Credits – D.O.'s

The Virginia Osteopathic Medical Association (VOMA) is accredited by the American Osteopathic Association (AOA) to provide osteopathic medical education to physicians. VOMA designates this program for a maximum of 14 AOA Category 1-A CME credits and will report CME and specialty credits commensurate with the extent of the physician's participation in this activity.

VOMA Continuing Medical Education Policy

Evaluation data will be compiled and provided to VOMA. Comments and suggestions regarding program content, location and other program specific details will be considered when planning future activities. Grievances regarding program administration and reporting of AOA CME credits will be handled

on an individual basis. Participants with grievances that cannot be resolved will be sent to the AOA CCME.

Disclosure Statement

It is the policy of the VOMA to ensure balance, independence, objectivity, and scientific rigor in all its educational programs.

All participating faculty are expected to disclose to the participants any real or apparent conflict of interest related to the content of their presentations.

Who should attend?

This conference is designed for family physicians, internal medicine physicians and other primary care providers and specialists.
